Deepstatus. Veronica Serna added Native Instruments Absynth 5 v5.3.0 Update-R2R . Many/most of the effect envelopes are now accessible when editing with timeline buttons (as well as global FX section in Ableton). I recommend using full real-time mode as default, as the pre-compressed mode of Absynth 5 is much better suited for session-based workflows. I prefer deeper curves with deeper oscillators. For

"white noise" or similar, sometimes I use preset 2 from the S4 set "Noise" [NI Maschine] or otherwise from default set called "Noise" [Absynth 5]. Bosch Harmonic. Stratosphere. Native Instruments Komplete 12 v11.2.1 Universal [deepstatus] setup free. Actions. I highly recommend upgrading to Komplete 12 v11.2.1 Universal as it adds new features and includes some improvements. Komplete 12 v11.2.1 Universal comes with

new collection called "Tools". Its main purpose is to make it easier for beginners to get started quickly with advanced tools while still providing advanced features for people who already use the hardware. Vintage oscillator. Bozeman & Zither. English Horn & Shaker. Brass & Reed. Concert Trumpet & Trombone. Clarinet & Saxophone. Drums & Percussion. Flute & Recorder. Guitar & Bass. Harmonica & Woodblock.
