Many of these people keep PS5 and XZ1 for work and sales, you can also be a professional podcaster without a sound card. PS5 has a new object tracker, broken headphone and microphone ports, and a saner design. It came with the Pascal version of nVidia's GeForce 10-series cards, which gets you access to all three high-end versions of that line, including today's mid-range model (GTX 1080 Ti). NVidia also introduced its new 4K-capable 60Hz laptop display, the GeForce GTX 1080 Max-Q, which has only 8GB of on-board VRAM (versus Nvidia's traditional 10GB of GDDR5) but a whopping 10-slot graphics card bay and 30 minutes of battery life.
