Jan 27, 2020. As Sims 4 goes the way of house customization, casual household mods just keep getting more and more creative with their creations. Aug 26, 2019 This video shows you how to make an "Interactive Controller" for your the Sims 4 game. The controller would allow you to see what you are doing while you're in the game and could even make music! July 29, 2020 I have a restaurant built with the server mod and a custom door with 'reservations' on it. When i'm in the game, i can go to the 'reservations' door and it'll take me to a menu where i can reserve a table for me and a guest. What I need is some mods that let me tell it when i want to leave, and it'll lock the door and it'll notice that I'm on the door without my sim touching it and it'll work with waiting for me to leave. Oct 7, 2019 If you are into cooking, this mod would be for you!. In the sims 4 world, there's a fantasy world called Aran that isn't actually in the game, but thanks to this mod, you can explore this world.
