These are only some of the wonderful mods that make for a fantastic experience. SAN andREAS is the best GTA game ever made. If you can tell the difference between a graphics mod and a mod, it is best to leave the graphics mods out of the list because there are some that make the game much more playable even though the visuals are significantly improved. Though I do not recommend them due to a few reasons: First and most obvious being they were developed and tested under Grand Theft Auto V. The top 10 best graphic mods out right now are the following: 1. The Best Graphics Mod You've Ever Seen! 2. NY&NJ HD Graphics Mod 3. NXGPA Graphics Mod 4. HD Wheels Mod 5. Your download will start in 1 second. This is very rare. It is unknown why this happens. Please wait a few minutes and refresh this page if the problem persists. This mod simply replaces the original textures with a new texture pack containing hand drawn texture files that should contain the "WTF is this?" look. It is pretty much a fun mod for people who are not too worried about the graphics. But it's not just the textures that are altered. The plants are made a bit more transparent, making it easier to see cars, windows, etc. in other areas of the game, the textures for the plants have been vastly upgraded and this is all done with compatible mods (see below for the details). Do note that with many of the mods, you will need to use other mods to get the best results. That's
