## Pray Times! With License Code Download (Latest)

## Pray Times! Crack + Download For Windows [March-2022]

“Pray Times! Serial Key” is the prayer clock software that help muslims to pray in time. It supports following modes:  No Internet connection needed  Basic time calculation  Extended time calculation (according to the size of your area)  Sunrise/Sunset calculation for locations around the world  Adhan sound  Islamic prayer times worldwide Why Pray Times? The best way for muslims to do their prayer in time, is to have a prayer time on their hand. The mechanism of "Pray Times!" is simple. A countdown clock is used to tell you how much time you have to pray. This makes it a lot easier to keep to the correct time without stressing. You can even set your own Adhan sound. There are several features that can help you, such as sunrise/sunset time calculation and worldwide prayer time calculation. If you like the software, please support us to develop more features. Pray Times! Features: • Worldwide prayer times calculations. • No Internet connection needed. • No bugs. • Simple and easy to use. • No Ads. • Prayers sound during interval of the prayer times. • Reset feature. • Sunrise/Sunset calculation. Pray Times! Usage Tips: 1. Login: Login with your password 2. Home screen: If you have two or more home screens, click on the home screen you want to show. If you have only one home screen, it is automatically shown. 3. Prayer Times: Each prayer time display on the home screen is like a gray line and you can change it by clicking the bottom right corner of the gray line. You can also add the prayer times to favorites by clicking the "add to favorites" icon. 4. Time of prayer: To display prayer time at your current location, click "Get prayer time". A dialog window will be displayed where you can enter your country, city, date, and time. If you cannot find any prayer time, or if you want to calculate the prayer time based on current time in your area, click "Basic time calculation". 5. Adhan sound: Click the adhan icon to adjust the Adhan sound. 6. Adhan: To turn off the Adhan sound, click the adhan icon. 7. Settings:
