After reading the book the first question that comes to mind is what is the book called. The book title is: Book Name: A text book of pharmacognosy / S.B.Gokhale, C.K.Kokate, A.P.Purohit. For some reason the file and on the downloads page doesn't match the name of the file so I added the file extension to it. But if you decide to download the file it's still the same pdf file.
