X-Force is the web platform used by Adobe to prevent piracy, as well as an A: X-Force CS6 is a tool from Adobe to detect if you have a legal version of the software. You can't use it to unlock an existing license, because the serial number is used to verify the legal status of the license. If you look at the manual of X-Force, you can see that it uses the following codes for activation: X-FORCE X-FORCE CD X-FORCE CD X-FORCE DVD X-FORCE DVD X-FORCE UN X-FORCE UN X-FORCE UN X-FORCE CD contains "X-FORCE" and a serial number. This is the version you can use to activate Adobe Creative Suite 6. CD contains "X-FORCE" and nothing. As the comment of the OP says, there's no means of activating a license for a Photoshop Extended 2015 version with the serial number of a Photoshop CS6 extended version. There's a similar question on Superuser: Is there a way to buy Photoshop CS6 with a valid serial number? Molecular analysis of the protein tyrosine kinase DgItk and its role in balancing actin dynamics and barrier function. The protein tyrosine kinase DgItk was initially identified as a substrate for the fly Src kinase. In this study, we identified DgItk as a member of the Tec kinase family, a subfamily of RTKs (82138339de
