BIM integration of sustainable building certification criteria early in the design phase. Master's thesis for the Master of Science program resource. Keywords: BIM-integration of criteria for certification of sustainable construction in the early stages of design. Master's thesis for the Master of Science program resource. Abstract: The paper studies the criteria for certification of sustainable construction at the early stages of design. Based on the results of the study, a BIM model was developed to implement such criteria at an early stage. This work was supported by grant No. 13-04-91030 Ñ€_Ð° (supervisor â€” Professor TV Smirnova).
