The screenshot shows a file listing interface. On the left, there is a blue folder icon with a cloud inside. Below it, the version number '6.4' is displayed in a blue box, followed by five stars and the text '2865 VIEWS'. To the right of the folder icon, the text reads 'File was found and ready to download!' and 'UPDATED 14 HOURS AGO'. Below this, the 'Fastest Source:' is listed as 'usenet.nl' with a checkmark. A blue 'Download' button with a download icon is present, along with a 'SECURE SCANNED' badge. A note states 'Click the download button and select one of the found cloud sources.' Below the download section, a message says 'You need to log in before you can post comments.' At the bottom, there are three icons with labels: 'Navigation' (a blue icon with three horizontal bars), 'Registration' (a blue icon with two people), and 'FAQ' (a blue circular icon with a question mark).

1. Browse through the browser and find what you need. 2. Select your browser files. 3. Click 'Save my files.' 4. A folder for your browser files is automatically created. 5. Backup Chrome files to a folder. 6. The backup is done.
