It was a very good week for the title, as the number of downloads was better than the previous month. The game also got more attention from the developers, as they not only added further features and increased the level cap, but also included some gifts, such as the Garh Ajaan card and a dog as a pet. To make a long story short, the game was VERY buggy, and although it did get patched a few times, this often had the effect of making the game unplayable. If you can overlook these issues, then you will have a pretty decent game. Game Review This was the first game in the series I played, and I was pretty disappointed with it. The story isn't particularly interesting, and the puzzles weren't that clever. The de-de-volution system was unique and fun, but that's it. I didn't give up on the game, but I don't think I'd bother with it again. Cyberpunk 2077's revolutionary gameplay and production values have left players and
