This app has everything TV-channels that you can imagine, and in many ways more than most of the other apps. Good app for all TV-channels as it offers a simple-simple interface and is also easy to use. The only thing missing would be a feature that lets you exclude channels from the list. Then it would be perfect. A Google User Best TV-app ever! It is the best application of its kind, and the best I've ever used. The only problem is that it is a paid app. It's very easy to pay, but I have no issues with paying for an app that does what it does. It's an easy app to use, and I recommend it to all people who enjoy television, and want the best app they can find. A Google User Needs fixes Can't live without it now! Upgraded this app from Beta. Love it. Need a way to delete the bookmarks so I can create more - that would be great. Please fix this problem with the other apps. A Google User A really good App I love the app's looks, but I wish that I could disable the on screen keyboard when clicking the button with the mouse (like the internet browser does). Also, I
