EA SPORTS FIFA delivers authentic athletic gameplay including a refined dribbling system, new run control and more.

Enhanced visibility brings the beautiful game to life in stunning detail. Read on for more information. Hair & Eyes The animation on every player is detailed and improved to bring the game closer to the real world. **Be a Real Man™** Now you can show off your confidence with a range of new taunting animations.

Attacking another player makes you look confident and aggressive, while defending encourages more caution. Dynamic Atmosphere The crowd reacts to your actions and now reacts in

real-time based on momentum changes and team performance. Refined Dribbling New dribbling model adjusts in game depending on player type, and then reacts to the pitch rotation to ensure the perfect control on both sides of the pitch. Character Models Refined character models make each player more accurate and natural looking. New Pass Types Six new ball passes are added to midfield play, including a through-ball and a low direct shot. New Player Types New "shot" player type with an expanded shot mechanic including more movement and finish. New "trail" player type to complement the existing "defender" and "lateral" that disrupt opposition build-up and movement. New Coaching Controls Coach now has full control over the pitch, meaning they can even issue small team orders from wherever they are on the pitch. New Playmaker and Keeper Controls A new dedicated "playmaker" button means there's less controller clutter. You can also use a free-kick/shot to create play. New Switch-back-of-the-Ball Controls By changing the default for how the ball switches direction, the ball is more likely to switch direction and more suitable for the type of passing you want to do. Refined Player Controls New dribbling controls aim to make dribbling a more difficult skill to master for the more proficient player, while refined goalkeeper controls are perfect for goalkeepers with the ultimate control of the net. Winger Control Winger control is now more responsive, giving you better control over where the ball goes. In the Pen Career Mode: New Player Abilities Relive the Glory of Your Career with
