It contains all the advanced features that are needed for the users to enjoy. in reverse chronological order with a small written introduction. . user under the software program, any typical application program (email, web browser, and so forth).Pages Sunday, December 24, 2012 Easter Egg Hunt #12 Hi everyone, my favorite time of the year is finally here, the Holiday's are just around the corner. Now is the time for fun & games. This time I thought I would do an Easter Egg hunt. It will be fun to see what everyone comes up with, so I hope you all have fun. I know I will as I love doing this. This time I have a new "Easter" kit and since Easter is on Easter Sunday, well thats what I am going to do. What I used for this hunt was an egg die cut kit from 12moons.com and I also used Sizzix, I cut out the eggs, beads and leaves with the Sizzix and embossed them with my Cuttlebug. I also used the Tim Holtz leaves and berries I set for my flowers. I also used the 12 moons dies to cut out my bunny's cage, banner and mat in a 5 x 7. Here are some more pics, enjoy. Okay now for the hop, click on the picture below to be taken to the next stop. Remember I am putting a little something in your egg so look close for your prize. I can't wait to see all the prizes you get. Hope you enjoy the hunt. 13 comments: Just wanted to let you know that you are one of our 100 bloggers for 200 giveaways who has her blog featured in the 100 blogs for 200 giveaways at The Monsoon Company. We would like to show you appreciation by including a selection of free goodies for you and your readers. We will pick a winner for each giveaway every day for three days.
