---

an external.js file I know this is probably a very simple question but, I am very new to JavaScript. I have a photo captioned page, and I have used the example I found on a different site to embed a YouTube video, but I want to use the the iframe code directly from the YouTube site. Here is the embedded YouTube example (almost complete):

Any help is appreciated. A: Here are the steps 1) Go to the site you want to embed on. 2) Copy the code in the text box, 3) Go to your website and place that in your document. 4) Add this css to the head section of your document.

```
#ytplayer{ display:block; } 5) Use this js code. document.querySelector('#ytplayer').setAttribute('width','640'); document.querySelector('#ytplayer').setAttribute('height','390'); document.querySelector('#ytplayer').setAttribute('src','d0c515b9f4
```
