Players can navigate their club's pitch using the new FIFA Motion Control, which brings the game's innovative control system to a new level with enhanced touch screen responsiveness and precision. FIFA Motion Control gives players complete control of their players' movement. Move them around the pitch, customize formations with ease, and instruct players to make key passes or tackle opponents with new precision and accuracy. The FIFA Interactive World Cup (FIFA I.A.W.C.) is coming to life with a new interactive experience that will introduce players to the iBridge, a natural and intuitive user interface that can be directly and seamlessly integrated into the gameplay experience. The iBridge is designed to make FIFA interactive and addictive by bringing more intuitive user interface capabilities to the controller, enhancing core FIFA mechanics and introducing an entirely new, intuitive gameplay experience. FIFA Ultimate Team (FUT) is fully revitalized in FIFA 22 for its most advanced gameplay and richest content since launch. FUT, the central hub of all your FIFA Ultimate Team gameplay on consoles, remains one of the most popular and exciting ways to play and build the perfect team. The new game system also includes FUT Champions, a new feature that lets you unlock boots in addition to real champions and gain more customizability and control over your FUT squads. Alongside FUT, the FIFA Vault is back to provide gamers with an extra layer of customisation and content to their gameplay experience. Featuring a greater variety of players, kits, badges, and historic greats, the FIFA Vault will help gamers build the perfect matchday squad by rewarding them with special kits and players from the archives. FIFA Interactive World Cup (FIFA I.A.W.C.) will give FIFA veterans the opportunity to play the game's mode online and compete in the FIFA I.A.W.C. Challenge, a series of events that will take place all around the world. The FIFA I.A.W.C. Challenge will feature a wealth of interactive content, such as tournaments, events and streams, and will give players an opportunity to compete, meet each other and have fun. Every event will feature an all-new badge system, which will grant unique prizes and a chance to improve their FIFA I.A.W.C. ranking. FIFA I.A.W.C. Challenge also introduces the annual WAGNationals, a FIFA WAGNation-wide tournament that is open to
