In addition, EA SPORTS Football Training Mode is the most comprehensive football video game mode in the franchise's history, providing a foundation for players to train and practice to develop their own player profile, providing a tool to further explore their own abilities and honing their skills for optimum success. Football's popularity around the world continues to increase, and its place in the digital lifestyle is one of its defining characteristics. FIFA is an ever-evolving football simulator, providing the most authentic football gaming experience, bringing new features year on year to entertain a new, wider audience. Today, FIFA's base of millions of players incorporates different languages and settings in nearly 200 countries, with an even wider range of languages available on FIFA 19. FIFA 18 introduced FIFA Ultimate Team, allowing players to customise their teams with more than 250 players in one-of-a-kind packs. Warmly invited to the 2014 FIFA World Cup Brazil™, the FIFA World Cup is the world's biggest celebration of football. For the sixth time, EA SPORTS and FIFA invite you to join the global party with FIFA 18. With over 40 official tournaments and more than 200 official players, including Brazil's Neymar, Germany's Arjen Robben and England's Alan Shearer, 2014 FIFA World Cup Brazil™ is one of the greatest world football competitions ever. FIFA has a vast multiplayer network, with the #CreateAFight social network connecting millions of players from all over the world. More than five million players can be found on FIFA's mobile app at any time across the globe, with a thriving community of FIFA players regularly interacting with each other and helping each other improve their skills and strategies. A growing number of FIFA's top professional players are also taking to social media to share their experiences of the game and post videos of their skills and tactics. Alongside the expansion of official competitions, players can now play their own tournaments in the FIFA Interactive World Cup (FIVC), where they earn points based on performance in real-life matches. Players can compete in any country in the FIVC, with the only requirement being that it is legally allowed. FIFA 19 is the most extensive single-player campaign ever in the history of football video games. It features more than 60 minutes of new scripted content, more than 2,000 FM changes and a wealth of new realistic and authentic game modes, features and functionality. With more than 190 officially

### Features Key:

Whether you're an attacking midfielder driving home your moves or a full-back looking for a cross, share your skills on Game DVR to show off your moves on your YouTube™ channel or in your Facebook profile. FIFA Football FIFA Football is the most authentic, intuitive and fun way to play FIFA on Xbox 360. Introducing an all-new control scheme that more closely mimics the real-world skills of the most gifted footballers, a new way to create a freekick and even 3D state-of-the-art cameras for match-day viewing. New Commentary and Presentation FIFA Football is the world's top-selling football franchise, and this year's game is no exception. Join the commentators in-game and enjoy improved dialogue and better characterisation of players and managers, including the use of DICE's audio technology to make players' voices sound more real. Enhanced commentary offers a fresh perspective on the action on the pitch, while still giving you all the info you need to know about it. Action Moments Players will notice a new animation system that updates the way players move during gameplay. The extra detail creates a greater sense of speed on the pitch, meaning that action moments are more visually and physically compelling. These new animations are combined with new controls and a new passing system, which is the culmination of months of developer research. Players will have more control over their passing, by more than 50 percent. Expanded Game Modes FIFA Football delivers more modes than ever before, including FA Premier League for the first time, UEFA Champions League and UEFA Europa League, and the expanded Scouting Network mode, which now allows you to scout and sign over 100 international players at
