If you try this torrent, please add REVIEW at the title. Trans-Siberian Railway Simulator is a simulator of a locomotive driver driving along the longest railway line in the world. Since the action takes place in Siberia, you should not wait for a warm welcome: trains will have to be periodically repaired by hand, a tree can easily fall on the railway track, wild animals or bandits who have escaped from prison are snooping everywhere. Therefore, after leaving the cockpit, do not forget to take a weapon with you to protect against a surprise attack.
